**90s and Classic Rock**

***“Beer for the Ear”***

### Our “Elevator Pitch”

**Lunch Hour Six Pack** was formed in 2007 by bassist Jon Zayle, and has played over 200 shows across New Jersey at numerous bars, restaurants, breweries, festivals, charitable events and private parties. No show is too large -- or too small.

Each of us has at least 30 years of live performance experience. We are a 4 piece (guitar, bass, drums and lead vocals), but the band has the flexibility and experience of having all of its members sing lead vocals, and as needed, we can perform as a trio.

We draw heavily on 90s and 2000s rock covers, while balancing that with classic favorites from the 70s and 80s. We provide “*Beer for the Ear*,” and we fully understand how important marketing is to the venues we play. To illustrate, the band has had a Twitter account since 2009.

### Live Demos

Attached are two live recordings linked to Jon’s SoundCloud page. The band prides itself on its live performances, where you can’t “hide” as you can in a studio.
